- ★ ***Items being removed from cottages:*** it has been noticed that there are items being removed from cottages. These include potplants, pots with plants removed as well as rocks and stones. A large piece of artificial grass has been removed from the lawn opposite Cottage 186. It rolls up like a carpet and costs a considerable amount to replace. It had been put out to dry but has now disappeared. If anyone knows where this artificial grass may have been moved to, please contact Ilse at Kenton Garden Service or Johan at Facilities.
