

★ **REMINDER: Covid-19 Lockdown Level 1:**

- Hours of curfew will now be from 12 midnight to 4am
- Gatherings will be permitted, subject to limitations on size, adherence to social distancing and other health protocols. These include religious, social, political and cultural gatherings.
- The maximum number of people allowed at any gathering is 100 people indoors or 250 people outdoors. Where the venue is too small to accommodate these numbers with appropriate social distancing, then no more than 50% of the capacity of the venue may be used.
- Night vigils or other gatherings before or after funerals are still not permitted.
- The wearing of masks in public places is still mandatory, and failure to wear a mask when required remains a criminal offence.
- ***Whilst it may seem that the latest risk level 1 allows much in terms of gathering, the onus is now on us to protect ourselves and not the government's anymore. Gatherings of magnitude in an enclosed space pose a distinct threat of infection and we should constantly evaluate its necessity. People are still succumbing to the virus daily.***

★ **Account payments:** 31st March is the end of the Financial Year – please ensure that all outstanding balances are settled **no later than the 7th April 2021** as per normal ruling. PLEASE REMEMBER TO USE A REFERENCE WHEN DOING A BANK TRANSFER (EFT)

★ **Hall activities:** with increased requests for activities in the Don Powis Hall it is essential that all requests and arrangements are channeled through the Admin Office. Whether this is a once-off function / event or resuming of monthly events, the Admin Office must be notified to ensure that there are no double bookings. ***A reminder that all events are to adhere to Covid Regulations regarding sanitising, wearing of masks, practicing social distancing and strict attendance registers.*** Organisers can arrange a thermometer and sanitisers from the Admin office before an event.

★ **URGENT REQUEST:** Residents are **PLEASE NOT TO FLUSH WET-WIPES** down the toilet. These are causing severe blockages in the system with unnecessary time wasted and expense to the Park.

Have a great weekend – take care - be safe !

COVID STATISTICS IN THE PARK TO DATE:

***** NO NEW CASES SINCE THE PREVIOUS ISSUE OF S-PARKS*****
